Work History

2020-05 -
Current

Software Developer

Altek Systems, Huehuetenango, Guatemala

- Revised, modularized and updated old code bases to modern development standards, reducing operating costs and improving functionality.
- Pioneered new methods of code review to incorporate wider range of voices, enhancing final products with ideas otherwise overlooked.
- Coordinated with hardware and system engineering leads to gather and develop system requirements.

2020-01 -
2021-01

Software Consultant

Proyectos Vida S.A, Huehuetenango, Huehuetenango

- Consulted with clients to align future software development with customer priorities.
- Developed complex solutions to all business problems along with customer engagements by detailed analysis, negotiation and coordination with main decision makers.
- Prepared system diagrams and flow charts to support problem analysis.
- Designed complete solution architecture tailored to specific end-user needs.

2019-03 -
2020-05

Database Administrator

Asesorías Sistemas y Servicios de Guatemala S.A, Guatemala, Guatemala

- Wrote and maintained technical and functional specifications to document database intentions and requirements.
- Administered, supported and monitored databases by proactively resolving database issues and maintaining servers.
